CHARGE MURDER TO DOCTOR AND NURSE

Two Arrests Quickly Follow Coroners' Jury Verdict in Michigan

Detroit, Mich., Nov. 22.—Specials to the Detroit Journal from Uby, Mich., say:

Two arrests quickly followed the coroners' jury verdict today that the death of Albert Sparling, 26 years old, last May, was due to arsenic poisoning.

Dr. Robert A. MacGregor, former county coroner, was arrested on a warrant charging murder in connection with the death of Cyril Sparling, 26 years old, who died last August, and Miss Margaret Gibbs, a young nurse, who has lived in Port Huron, Mich., and London, Ont., was arrested on the charge that she knew more about Cyril Sparling's death than her testimony at the inquest indicated.

Both were arrested after they had retired for the night and were taken in automobiles to the jail at Bad Axe.

Miss Gibbs is said to have aroused the resentment of relatives and friends of the Sparlings by remaining at their home after the need of her professional services had ended and refusing to let people see Mrs. Carrie Boddy Sparling, mother of the two dead boys, and widow of John Wesley Sparling, who died in July, 1908.

Dr. MacGregor, who, as family physician, attended the father and two sons above mentioned, as well as Peter Sparling, the eldest son, who died in July, 1910, said in an interview:

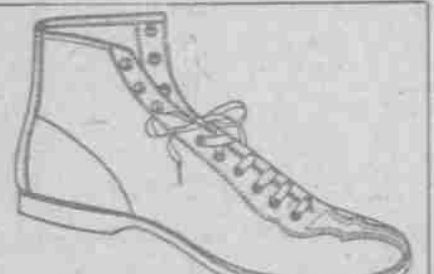

"While my pride is stung by even the hint of a warrant, probably a court investigation is the best thing."

YOU need not put away great sums to be a saver. We encourage our savings depositors to begin in a small way—one dollar or more at the start—and gradually adjust their living expenses to their saving ability. It is a notable fact that the former decreases as the latter increases. Those who doubt their ability to save often find it very easy.

MEXICAN STRIKEBREAKERS AND AMERICAN STRIKERS FIGHT
Tuesday afternoon at about 5 o'clock a fight occurred at the corner of Overland and Florence streets between a party of five alleged Mexican strike breakers and four Americans, said to be strikers, in which Jose Choncha, a Mexican, was severely beaten and some of the others were bruised up.

Chris Anderson was arrested as he boarded a street car; the others escaped. Anderson says that he is not a striker, though, according to his story, several of the others are. Anderson has been released on \$200 bond.

First Dollar Hardest to Get

All things, you know, must have their beginning; the big things of today were the little things of yesterday. It does not matter how small your first "savings" may be, it gives you a start. The first dollar of a savings account is hardest to get into the bank and the saved dollar soon begins to crave company. Saving is a habit (like any other habit), it is hard at first, but eventually not only becomes easy, but mechanical. One reason why so many people fail to save is that they have no definite plan of action. All your plans should be shaped toward a definite end.
